

RoHS 3 and **REACH** CERTIFICATE of COMPLIANCE

RoHS 3

It is hereby stated and certified that Micro Lambda Wireless, Inc complies with the Restrictions on Hazardous Substances, RoHS 3 Directive (2015/863/EU) to the extent herein:

Micro Lambda Wireless, Inc does not use any of the Restricted Substances specified by the RoHS Directives (listed below) as components in all of the YIG-Based microwave component products, nor are these substances employed during any manufacturing process:

Cadmium

Lead

Mercury

Hexavalent chromium

Polybrominated biphenyls (PBB)

Polybrominated diphenyl ethers (PBDE)

Bis (2-ethylhexyl) phthalate (DEHP)

Butyl benzyl phthalate (BBP)

Dibutyl phthalate (DBP)

Diisobutyl phthalate (DIBP)

However, upon request from the Customer, component and assembly leads may be coated with solder, which contains 60% tin and 40% lead.

REACH

It is hereby stated and certified that Micro Lambda Wireless, Inc complies with the Registration Evaluation Authorization and Restriction of Chemicals (REACH) Directives to the extent stated herein:

Micro Lambda Wireless, Inc is a manufacturer of microwave components and assemblies. Micro Lambda Wireless, Inc has taken the initiative to review the (197) substances that are under consideration for treatment as Substances of Very High Concern (SVHC) candidates. Micro Lambda Wireless, Inc confirmed that our products do not contain any of the listed substances in concentration >0.1% weight per supplied article, substance or preparation weight.
